In September 2015 the magazine FOCUS published a special issue entitled "Germany's Top Lawyers", a list of the leading commercial law firms in Germany. RASCHKE VON KNOBELSDORFF HEISER is featured on this list as one of Germany's Top Commercial Law Firms for the fields of "Corporate Law" and "Mergers & Acquisitions".

For the list of top lawyers, the Hamburg market research institution Statista was commissioned by FOCUS to evaluate 12,500 relevant recommendations of specialist lawyers. The selection was based on how frequently the lawyers were recommended. Client assessment portals on the Internet were also consulted and mentions in industry publications as well as in the business press were taken into account.

The law firms identified as the leading firms in the country in the Germany-wide FOCUS comparison receive the award "Top Commercial Law Firm 2015" for their respective specialist field.
